Dear Anton Meston; July 21, 2011

Thank you very much for your letter, and, especially for your support.

We never forget our friends!
Each day of struggle for justice you are in our hearts.

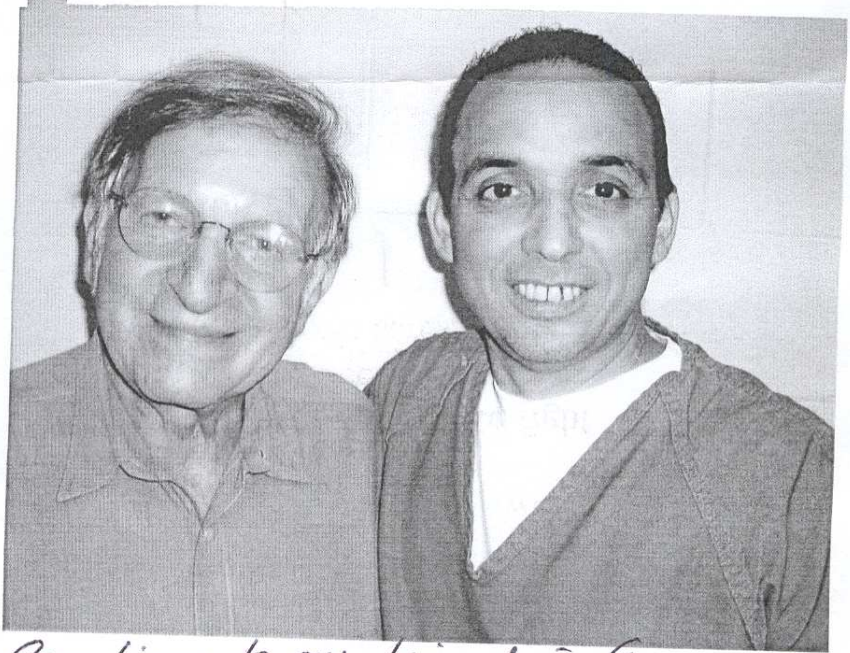

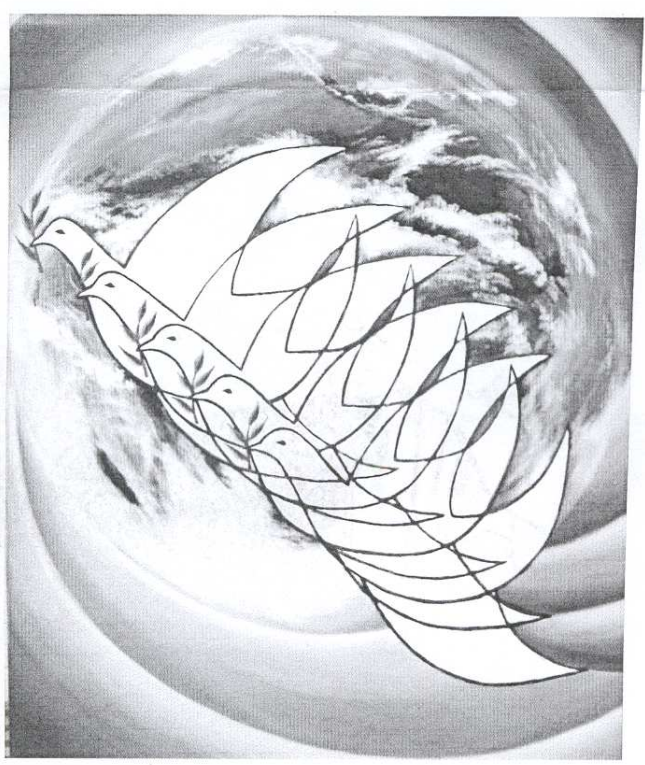

Recent visit of my mother
Oil painting for a mural.

I cultivate a white rose
In my teeming heart
Avowing faithful alliance
With the humble of the world.

The pain of the oppressed
I feel in the dawn
When my warrior verse
Is a dove and is a sword.

He who resolves to fight
For justice in any place
Always is caressed by love,
Encircled by a bank of light.

With Weinglass in 2008

Greetings to our friends in Germany.
In solidarity, Antonio Guesser
