

My Comrade's
Klaus Meier (Left Party of Germany, DIE LINKE)

I was about to drop my post card in the box
when I received your card dated 13th JAN. 2013
I was thanking you Brothers and Sisters for
extending your hands across the world in soli-
darity to me on this stationary slave ship. And
to all political captives that are being illegally
held in the dungeons of America. We speak in
one loud clear voice, no surrender no retreat.
